

Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost of one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.

An Automobile Carrying Dead Woman Stopped at House for Water for Her.

What seems a lawless act occurred Saturday noon in the adjoining town of Royalton when the driver of an automobile with a woman and other passengers is believed to have driven by the office of the health officer and other physicians although he knew that the woman had died during the trip and ordinary decency, not to say respect for law, would have compelled him to stop long enough to notify the authorities of what had happened. The party stopped at R. H. Skinner's in North Royalton and asked for drinking water which was given, when the discovery was made that the woman supposed to be faint was in fact dead and the parties said they would stop at a doctor's office in South Royalton. This apparently they did not do, as Dr. O. J. Ellis, health officer at South Royalton last evening had received no information regarding the case. It is said that the deceased person was a resident of New Hampshire and had been visiting friends in or near Essex Junction. Dr. Ellis, feeling that the law has been violated, is making an effort to ascertain the facts, including the names of the parties.
